"Central Alliance of Poles in Poland, defenders against occupation of Poland by Stalins bolshevism.

"These Alliances of Defenders are still secret for we haven't got enough strength and arms. At the head of the Alliance stands Han Hyrszel/maybe Hon Hyrszel/, Jozef is his deputy and Roman his adjutant, 40 members in the Central Alliance of Defenders against Stalins occupation and bolshevik democracy in Poland. There are rural organizations, urban, county, voyevodship, and central. The entire population of Poland is of one opinion, one spirit; from the smallest hamlet to towns and big cities, young and old, mostly workers and larmers, all want freedom. A petition from Polish people has been already sent to the US Government. We use only one sheet of payer because if a letter is a little heavier it is opened and read.

"In the letter, forwarded by Polez to Russian democratic government in Poland compares Stalins bolshevism with Hitlers occupation of Poland, freedom in the pre-war time and what America means to the Polish Nation, asking to stop backing in the radio and in newspapers, criticising America and Polish Government which they call 'Sanacja'. They can make such propaganda in Russia because nere, in Poland, nobody listens to them, nobody read, their papers. They laugh and spit on the stooges of Stalin and Rierut. The entire Polish population greets the American Nation and its President together with our brothers out of Poland with Gen Anders and Mikolajczyk.

"The whole Polish Nation begs for help in deliverence from Soviet tortures, prison and disease. We suffer terrible misery and poverty. Winter comes and we have no fuel, no food. Blerut takes all and gives to Stalin. Please, let us know by the radio that you have received our letters, because we don't give the return address. When the Poles listen to the radio from America, they cry like little children.		v
